

Advanced Aesthetics Diploma

Program Title: Advanced Aesthetics Program

Program Credential: Diploma

Program Duration: 1040 hours (42 weeks)

Class Schedule: Morning class (Monday to Friday from 9:00 am to 1:00 pm) Evening class (Monday, Tuesday, Wednesday from 6:00 pm to 10:00 pm, and Saturday from 9:00 am to 5:00 pm)

Program overview

Chellsey Institute of Beauty and Health Inc. offers a comprehensive Advanced Aesthetics Diploma program that is designed to meet the increased standards and market demands for total body and facial treatments. Students are educated with a variety of advanced treatments for skin and hair, as well as training on customer service and business. The diploma offers theoretical knowledge of advanced aesthetic and practical treatments found in medical spa. Students will be instructed with knowledge on advanced Skincare and Paramedical skin care, nail technologies, body therapies and make up applications. Students will gain an excessive amount of practical experience on live models in Chellsey MediSpa where they will practice client care, consultations, skin analysis and delivery of advanced facial treatments and exfoliation treatments using microdermabrasion technology and chemical peels. The program prepares the student to enter into the spa industry with an abundance of skill sets to perform treatments and successfully grow as a professional.

Career Opportunities

With today's fast-growing beauty industry and demand for aesthetic services, students will receive hands-on training and gain knowledge in all phases of medical aesthetics. The program will provide information and guidance about career opportunities, seeking and obtaining employment. After completing the program, students will be eligible to start employment in medical spas, doctor offices or self-businesses. Chellsey Institute of Beauty & Health supports students from enrollment to graduation to ensure successful completion.
