Program Overview:

Chellsey Institute of Beauty and Health Inc. offers a comprehensive Advanced technique of Medical Aesthetician Certificate program that is designed to meet the increased standards and market demands for total body and facial treatments. The Certificate program is taught by our most professionally experienced instructors. Students in this program will receive theoretical and hands-on training in traditional aesthetics and treatments such as Botox, Fillers, PDO Threads Lift, Sculptra non-Surgical Butt Lift, PRP, Sclerotherapy as well as more advanced paramedical treatments such as microdermabrasion and chemical peels.

Career Opportunities

With today’s fast-growing beauty industry and demand for aesthetic services, students will receive hands-on training and gain knowledge in all phases of medical aesthetics. The program will provide information and guidance about career opportunities, seeking and obtaining employment. After completing the program, students will be eligible to start employment in medical spas, doctor offices or self-businesses. Chellsey Institute of Beauty & Health supports students from enrollment to graduation to ensure successful completion.
